Frequently Asked Questions

How are campers supervised?

Campers are supervised at all times. For your child's security all campers MUST be escorted to and from their camp room by a parent or guardian and signed in and out EVERY DAY. We realize leaving your contact information each day may not always be convenient. In the event of an emergency, we want to have the most accurate contact information for you.

How should my child dress for camp?

In comfortable clothes that may get messy

Do You offer camps only in Spanish?

No, we offer camps in Science, Technology, Art and other in English as well.

For registration assistance, email YPWcamps@YPWkids.com

Frequently Asked Questions Continued

Can you accommodate my child with special needs?

We are happy to accommodate children with special needs but we ask that you notify us of your child's needs prior to your child's first day of camp. Please help us help your child by notifying us of any allergies, accessibility concerns, behavioral, psychological or emotional conditions, or other special needs. Please email the Camp Manager at YPWcamps@YPWkids.com.

While we hope to offer these camps to as wide a range of children as possible, it is not possible for us to offer one-on-one care. In the case of severe food allergies, it is not possible for us to monitor the food other children bring into camp.

YPW is NOT responsible for administering medication to children. Consult a pediatrician about altering the child's dosage so that medication can be administered outside of camp hours.

To make it a full day camp, do I have to pick a morning and afternoon session?

Yes. We offer a wide variety of camps. We strive to help our young campers to discover intelligent fun through our hands-on and fun camps exploring different branches of art, languages, math, science and technology.

What are the qualifications of your teachers and assistants?

All of our teachers are certified school teachers or highly trained professionals with extensive experience in their respective fields. They all have experience working with children and enjoy hands-on interactive activities.

May parents stay in the classroom?

No. If you feel that your child is unable to remain in camp without you for more than a few minutes, you probably should wait a year before you send him/her to camp. Our weeklong camps promote independent learning and socialization. Parents are not allowed to remain in the classroom during camp hours.

What are the behavior expectations for campers?

Camper expectations are posted in each room and are emphasized throughout the week. In case of a severe behavior problem, we will call you and ask you to pick up your child. At our discretion, your child may be allowed to return to camp the following day.

Whom may I contact during the day if I need to leave an emergency message concerning my child?

Please call YPW Westlake at 512-329-5611; YPW Central at 512-401-3174
A staff member will deliver your message to the appropriate person.

Does my child need to bring a lunch?

Yes. Campers are supervised in their camp room while they eat lunch.

Does my child need to bring snack?

Yes. Morning and afternoon snack.

Does my child need to bring drinking water to camp?

Yes. Please make sure your camper brings a bottle of water everyday to camp.

Does my child need previous experience with Spanish before enrolling?

No, many YPW Spanish workshops and camps are developed with the beginner in mind.

Do you cover different material every week / camp?

Yes. Every week we cover different vocabulary and key phrases.

My child knows Spanish. Do you have a camp advanced enough to keep her/him challenged?

We design our Spanish Camps for children with different abilities and skills levels. For further questions email at YPWcamps@YPWkids.com

I'm afraid my child may be bored of just taking a Spanish Camp

Our Spanish curriculum is packaged with art projects, games, relay races, cooking projects, drama, singing, and more, all designed to appeal to a young child's sense of discovery and fun.

Our hands-on, interactive, high-energy approach ensures that children are motivated and engaged while learning at the same time.

Our teachers use dramatic presentation, miming, gestures, facial expressions and silliness to enhance both comprehension and fun.

The curriculum, with its varied activities, and the teaching style, with its demonstrative approach, foster in children a positive attitude toward language learning.
