

Apple ID's

IPAD Email address

- webmaster@ypwkids.com – account set up originally
- admins@ypwkids.com - accounts set up originally
- operations@ypwkids.com - account I set up

All have the same password

D1sc0v3r1!

IPAD security code

20501

Security questions answers for webmaster@ypwkids.com – Sr Ramon gave me this information

- 1st teco (dog)
- 2nd daytona
- 3rd ramon

Security questions answers for operations@ypwkids.com

- 1st Ecuador (dog)
- 2nd Elvis
- 3rd Ramon

Security questions for Admins@ypwkids.com are not listed because I do not have this information. This account as well as webmaster@ypwkids.com were created before my time at YPW as Operations Manager.

Apps needed

- **Google translate** – some of the IPADs are not compatible but it will suggest the next best thing
- **Tadpoles** – I have listed both schools' info below
 - WL
 - Email – wlas@ypwkids.com
 - Password – WLypw20501
 - Screen#1225 (#1224 Directors tablet)
 - CA
 - Email – ypwcentral@ypwkids.com
 - Password – ypwcentral
 - Screen#2005
- **PAGES** – documents equivalent of WORD
- **ITUNES** – webmaster@ypwkids.com musica, nap, story time, curriculum, Alfamigos
- **Camara** – Fotos y videos
- **Clima** – Saber la temperature para salir o no
- **Gmail** – mandar fotos, planeaciones e imprimir

As for instructions I normally:

- Delete unwanted apps
- Process any updates pending
- Page app – delete all documents (most carry photos and takes up memory)
 - I notify directors to let teachers know I will be cleaning out their documents so they have time to save on a memory stick
- Review Photos and Videos – this takes up most of the memory
 - I delete all videos - there is no reason it should be stored if they already sent to parents
 - Unwanted pictures – some are multiple copies in separate album
 - Pictures from the previous school year (i.e. delete anything before august 2022)
 - I notify directors to let teachers know I will be cleaning out pictures so they have time to save on a memory stick
 - Turn off GPS notification on IPADS this causes multi picture saving in Photos

- how to lock volume
